## Scientific Program.

EFISDS Professional Trainee Course

In association with  
UNITED EUROPEAN  
GASTROENTEROLOGY  
**ueg**

  
Hôpitaux de Lyon

Université Claude Bernard  Lyon I

Dear Colleagues, dear Friends,

For its fourth consecutive year, «Lyon HBP» welcomes you with the EFISDS, founding member of the UEG. This year we continue the full multidisciplinary, European, and educational dimensions of the meeting. «Lyon HBP» is reinforced by several conferences and an International panel of experts.

It is also held together with the EFISDS PG course. The educational objectives are designed to provide participants with the most recent updates, concepts and progress in this area, as well as the technical and medical knowledge.

A website is now available at «<http://hpbsurg.univ-lyon1.fr>» and «<http://www.efisds.eu/>» where you can access podcasts of the EFISDS lectures. At this meeting, participants

will attend lectures, state of the art, clinical case presentation while actively participating in discussions. With the concern for an appropriation of new acquisitions, with clear messages to take away. Looking forward to seeing you,

Professor Mustapha Adham  
Course Director, member EFISDS Executive Council
